Thinking Out Loud

(By H. M. L.)

Six princesses are having their pictures taken in the Nugget office. Anyone with half an eye can perceive that they are really descendants of ancient royal families. They have the air and the manner of royalty and, something that royalty rarely has, beauty of face and figure. For anyone disinterested, it would be a sad dilemna to elect one out of the six to a throne. The lord high chamberlain, i. e. the photographer, abashed though he was, at so much pulchritude insisted that only by exposing the knees could royalty be determined.

Nexa Wednesday night Nevada City's card players will gather in Armory hall to spend a pleasant evening playing whist, auction or contract bridge, pedro, or what not, with their neighbors. Few introductions will be necessary. Most everybody will know everyone else, and, by their first names. This is one of the pleasant features of living in a small community. One can have no more dignity than his inheritance or merit warrants. One may feel free to "be himself." Individuality exists untamed, unhampered by the conventions, as it cannot exist among hordes of humanity, where "keeping up with the Joneses" becomes a fetish. The urge that brings a large part of Nevada City's adult population to Armory hall next Wednesday night, is the same one that inspires the Boy Scout organization "to do a good turn." Every 25 cent piece received during the evening will be devoted to paying the expenses of three Scout delegates from Nevada City to the National Jamboree at Washington. Let us all do our bit, or, in this case, two bits.

These are the sultry days that send the youngsters flying out to the municipal pool. There is plenty to be done there in the way of improvement, but as it stands even today there is nothing like that pool for many miles around. The pool is undoubtedly the best investment in good health and sturdy, good citizenship this city has ever made. If the shades of the Argonauts could see their descendants! Those stalwart fathers of '49, many of whom abjured water as the stuff that flows under bridges and found little use for it, save for sluicing gravel.

Next Sunday there will be a great gathering and barbecue at Red Men's park in this city. The Veterans of Foreign Wars are giving this big party, and posts from far and near are coming to this reunion of former soldiers and sailors. Besides the feasting there will be dancing in the afternoon and evening, and plenty of music all the time. This is an event in which the entire community is invited to join, and should join, for two reasons, namely, to honor the veterans and to enjoy a gay afternoon and evening.

The suit of the P. G. & E. against Liberty Hill Mines, You Bet and others, went to trial in Auburn today. And this despite the fact that Nevada County mines and miners contribute a huge sum every year to the treasury of the P. G. & E. However, as a "servant of the people" undoubtedly the big utility had to yield to that portion of the people who brought the most pressure to bear, regardless of revenue figures. This much, however, may be said: Every suit the P. G. & E. brings makes the company more enemies than friends. The nation wide suspicion and prejudice which is aroused by power companies everywhere, is focused locally upon the P. G. & E. Nothing serves to excite popular wrath so much as litigation which affects the livelihood of thousands if individuals.

The P. G. & E. has not been fortunate in some of its recent litigation. The Nevada Irrigation district recently recovered $200,000, in round figures, in a suit brought by N. I. D. for water delivered. This resistance to a just claim, as it proved to be in court, does not make for kindly feeling toward the utility. The present suit against mining companies strikes not only at miners, their employers and all those who gain their daily bread directly in this industry, but it affects all merchants, business and professional men, whose prosperity depends upon mining.

Disinterested persons, conversant with all the conditions which surround mining on the Bear River water shed, make no bones of declaring that, in the long run it would be cheaper for the P. G. & E. to build a few miles of ditch to clear water sources, than to engage in this expensive litigation and at the same time lose, instead of gaining the good will of Nevada County.

Ridge Prepares Big Welcome for Hatfield at San Juan's Fiesta

Delegations to welcome Lieutenant Governor Hatfield, when he returns to his native county on August 17 to make the principle address at the great two-day San Juan Fiesta, at North San Juan, are being organized in all the communities. Judge J. A. McMahon of Sierra county, who makes the dedicatory address of the community hall at North San Juan, is organizing a big delegation from Downieville, Ray Hawkins is heading a delegation from Alleghany, Acton Cleveland from Camptonville, Henry Argall from Grass Valley, and the Nevada county board of supervisors have been asked to organize a rousing delegation from Nevada City and environs.

Judge George L. Jones of this city will "introduce" Lieutenant Governor Hatfield, to his old friends and neighbors on the Ridge.

The Veterans of Foreign Wars will have charge of the flag raising at the new community hall, preceeding the dedicatory address by Judge McMahon.

Among the vaudeville features which will take the stage in the community building is included the "Daughter of Cacchus" which ran great success for six years in the old Orpheum circuit. Friday evening following the vaudeville program there will be an elaborate ceremony of crowning the Queen of the Fiesta.

Who this queen will be, is still very much a mystery for despite all the counting which is going on, there is nothing to prevent any, or all of the six candidates, from holding out large blocks of votes until the final show-down.

Christian Andersen manager of the big carnival and Fiesta this morning announced that with the close of business next Saurday night, August 10, all voting on votes now in the hands of merchants will close. On Monday night, August 12, all balloting on tickets in the hands of anyone selling tickets will close. In other words the candidate for queen now have but five or six days to conclude their campaign.

The program for Sunday, August 18, opens with a baseball game at 10 o'clock in North San Juan. Following which a caravan will go out to meet Lieutenant Governor Hatfield, who will give an address in the new community house. At seven o'clock in the evening, a big group of amateurs will do their stunts on the stage. From 9 o'clock on the second dance of the fiesta will be held, to close sometime early on Monday morning.

There will be plenty of places provided to eat. It is expected that a Sacramento caterer will take one of the largest concessions at the fiesta, well prepared to supplement the local hotels and restaurants in feeding the enormous crowds which, it is now certain, will attend this event.

TRIAL OF P. G. E. SUIT AGAINST MINERS BEGINS

The "muddy water" trial of the injunction suit brought by the Pacific Gas and Electric company against the placer mining companies along the Bear River water-shed opened this morning in the Superior Court of Placer county, with Judge Ernest Weyand, of Colusa county, presiding.

The Pacific Gas and Electric company asks a half million dollar damages. The company supplies water to Newcastle, Lincoln, Loomis, Roseville and other small communities, and claims its business has been damaged by being forced to deliver roilly water to consumers.

The Liberty Hill Mines and You Bet Mining companies, defendants, have presented claims against the P. G. & E. for damages amounting to $1,500,000.

The group of Scouts will be accompanied from the school to the station by the American Legion drum corps of Auburn and a rousing send off will be given them when they embark on this momentous journey. Parents friends and interested persons are invited to be on hand to wish the boys good luck and fair weather.

SAM TREVETHICK'S CAR MISBEHAVES

Sam Trevethick, while cranking his truck last Saturday was quite severely injured. His truck, facing down hill on Broad street ran partly over him as he attempted to crank it, striking his head, shoulder and side. He was taken to a doctor and after the wounds were dressed he dove the truck home, got off and told his son to take the truck and dump it as he was through for the day. It took considerable questioning before he would tell of his injuries.

MAYOR AL SEAMAN IS SERIOUSLY ILL

Just as the Nugget goes to press it was learned that Mayor Al Seaman was taken suddenly ill at his place of business on Clark street and was taken to his home. Mr. Seaman is one of the hardest working men in this city, constantly on the go, and has taken a keen interest in making the Pioneer park a beauty spot. His many friends hope for him a speedy recovery.

CAGE HITS, KILLS HOIST MAN IN NOR. STAR MINE

Mr. Martin F. Hussey, hoist man at the North Star mine in Grass Valley, was killed almost instantly yesterday afternoon while changing guides in the dolly shaft. It is reported Mr. Hussey on the 6,000 foot level, gave a signal to move the dolly. The signal failed to reach the hoist man on the surface. In the mean time a call came from the main shaft to send the cage down. Hussey beelieving there was something wrong with the signal apparatus, in the dolly shaft moved over to the main shaft to be hoisted to the surface. The descending cage struck him jamming him against the shaft wall. Miners rushing to the rescue, worked many hours to extricate his body.

Mr. Hussey a native of You Bet aged 58 years, was a highly respected man who has followed mining in different capacities practically all his life. A few years ago he had charge of hydraulic operations above Scotts Flat dam for a mining company.

He leaves to mourn his untimely and tragic passing a wife, Rose Hussey, son, Francis Hussey, Grass Valley city clerk; daughter, Miss Norma Hussey, four sisters and nephews and nieces. One sister, Mrs. Ellen Shebley and nephew, Jack Shebley reside in Nevada City.

Taylor, of the Nevada County Narrow Gauge railroad. Mr. Taylor it seems fired the whole crew Sunday. This morning the men would not leave and the peace officer was called to persuade them to go.

CARELESS SMOKER

State Ranger William F. Sharp in his bright red roadster, closely followed by two red fire trucks from the State Division of Forestry camp south of Nevada City, swiftly sped through this city yesterday afternoon in response to a call of fire near Freemans Crossing. It was burning in grass and brush and the crew of fifteen men had it under control after it burned over five acres of ground. It is thought the fire was started by a careless smoker.

YOUTHS HELD AS ROBBERY SUSPECTS

Sheriff Carl Tobiassen and Deputy William Woods and Carl Larsen have taken James Smith, 23, Stanley Harris, 19, and Galileo Berolo, 19, in to custody for questioning regarding the strong arm robbery of Albert Stanley near Memorial park Thursday night.

COUNCIL GETS READY FOR FREE MAIL DELIVERY

This project will provide funds for the labor, the city would furnish the gravel and the property owners the cement. This proposition is still in the tentative form. City Engineer Ed C. Uren was authorized to make a survey and estimate of costs and to recommend a competent eengineer for the project.

The Choice at the Polls

(Contributed)

In the light of the new significance given all New Deal legislation since the court decision on the NRA, the meaning and direction of Washington developments take definite form as an understandable whole. The President's plan has been and is to round out his program in spite of questionable constitutionality, and prespects are that he will do it despite gaping holes shot out by the barrage of an ever-strengthening opposition. What remains of that whole after a year, which the courts will have to work on it, will be tossed in the lap of the electorate with the query, "What now?" And it will be up to the people, in the elections of 1936, to decide whether they want a greater or a lesser measure of government control over their daily lives. Unquestionably the courts will upset the AAA, the TVA, the Wagner Labor Disputes Act, or the Utilities Act before election time. Which will put the query to them in the form of a constitutional issue. Is the Constitution as is, adequate, or is it not? This in turn will raise a lot of emotional feeling on both sides which will tend to obscure the issue, but the true question will remain the same—whether people want a greater or lesser measure of government control over their daily lives.

BULL FIGHT AT RED MEN'S GROVE STAGED BY V. F. W.

After the barbecue the carnival will start and last until midnight. All kinds of amusements which are absolutely free of charge, will continue through the evening. Boxing, tap dancing, a bull fight and a vaudeville program on the dance platform will be featured. A loud speaker will broadcast the program.

At 8o'clock the dance opens featuring Charlie Rabb and his Varsity Club. At 11 o'clock will be the drawing of dance coupons and announcement of the winner of the beautiful seven tube all wave Grunow radio. Each dance ticket is numbered so be sure to retain the stub which is a chance on the radio. The price of the dance tickets is one dollar per couple. The beautiful radio is on display in Bosworth Furiture Store in Nevada City. Young ladies have been selected to sell the tickets from the present time until August 11. Each ticket entitles the holder to a chance on the radio, whether he is present or not.

The Veterans wish to call special attention to the big bull fight to be held during the afternoon. The bull and bull fighter are coming direct from Mexico at great expense to them.

Be sure to attend the big day of fun and frolic. There is a good time in store for everyone.

DANCE BENEFIT PAYS FOR RIDGE EXTINGUISHERS

(By CATHERINE BRAITHWAITE)

Last Saturday evening the North San Juan Improvement League and the North San Juan Baseball Team jointly gave a dance in Solari Hall in that town to help defray the expenses of purchasing fire extinguishers for the mutual benefit of valuable property situated on the Ridge.

These fire extinguishers were purchased through State Forester Mr. W. F. Sharp and will be distributed over the entire Ridge including French Corral, Birchville, Sweetland, Cherokee and North San Juan.

Mr. Mike Dennik, proprietor of the National Bar at North San Juan has generously donated a Dodge car that can be easily converted into a truck and as soon as a good sized water tank can be found and placed upon it this community will have a fire truck on hand ready for use any time during the night or day.

With the approaching home coming week and grand fiesta less than two weeks away the North San Juan Baseball team is negotiating with the Grass Valley Miners for a game to be played as a wind up for the gala week. The San Juan team has been playing air tight ball in their last few games and feel capable of sending the Miners home talking to themselves. This should be an interesting game as both teams have a large following and that is what it takes to make a good class A amateur baseball game.

Hardrock Dennis and his orchestra provided the music for the dance and as usual this popular old mastero entertained delightfully with his unusually good dance music and inimitable clowning assisted by George Wandervoort on the violin and Mike Lord on the banjo.

Edgar Cunningham expertly called the always desirable Paul Jones and assisted by Lefty Aiken helped to maintain the baseball team's responsibility in making the dance a huge success. Mr. George Uhrig introduced three of the potential fiesta queens, Miss Cunningham, Miss Irene Browning and Miss Lois Kessler who were kind enough to grace the affair with their presence.

Just before the supper dance a large box of groceries were raffled off by Mr. Frank Carcione. Master Lewis Butz held the basket while dainty little Sally Morris drew the number that made Mr. George Butz of Camptonville the lucky winner.

During the evening a wedding march was played in honor of Mr. Clyde Browning's bride, who before her marriage in June was the former Miss Virginia Day of Nevada City.

County Supervisor Joseph Frank and Henry Ford were guests of Mr. and Mrs. Rex Dennis of Grass Valley. Mr. and Mrs. John Stokes of Visalia were honored members of the Oscar Payne party. Mrs. Frank Puller of Dunsmuir, who is visiting her parents, Mr. and Mrs. K. G. Phelan, Mr. and Mrs. H. Hutchinson, of Rice, California who are visiting Mr. and Mrs. W. R. Clarkson, and Mr. W. F. Sharp were among the out of town people who attended the dance.

WRESTLERS OUT TO WIN THURSDAY NIGHT

The wrestling card presented next Wednesday night at Memorial hall will contain one feature, which should be a sporting classic. This is the main event, Jackson versus Fenton, the tough Canadian boys, these wrestlers are the same general type, rough and ready and full of personal animosity. Each is out to win and the fans may look forward to fast action from the first to the last. The preliminary events will be good. The youngsters in these bouts have a lot on the ball and are out to win recognition.

VICTIM OF LOVE TRIANGLE BURIED

Inquests held over the remains of Charles F. Williams, who murdered a rival in love and then committed suicide and Fred Jewel, victim of Williams' jealous frenzy, were held in Placerville Friday night. The coroner's jury found deaths due to murder and suicide.

The funeral of Williams occurred this morning under direction of the Holmes Funeral Home in this city, while that of Jewel took place in chapel of Jefford and Son in Grass Valley this afternoon. There was a large attendance both services.

A. M. TOM
HERB SPECIALIST
TO WHOM IT MAY CONCERN:—
For years I was a sufferer from constipation. My blood was out of order and my kidneys and bladder bothered me terribly causing dreadful back-aches. On top of all this I had female trouble.
I tried several doctors but none helped me. One recommended an operation which I dreaded as a previous operation did not help me.
One day my husband noticed A. M. Tom's advertisement and suggested that I visit him. Having taken Herb treatments for five weeks, I am well again, and able to go back to work.
I cannot praise A. M. Tom too highly and if you are suffering I honestly recommend you to see him as I know what he has done for me, he can do for others.

GAS HEATING

STICK to your easy chair. Take it easy this winter and live in the carefree comfort of Gas Heating. There is one thing you can be sure of when you heat with Gas—your monthly gas bill is your only expense. Gas is more than merely a fuel—it is an all-inclusive heating service free from many small hidden costs.

Think of these extra things Gas Heating gives. Here is one fuel for the home that burns absolutely silently, is delivered clean and burns clean. How comforting, too, to have the rooms you live in always at the right temperature, with the walls and furnishings free from dust or grime. How worthwhile, too, to be able to fix up your basement into a spick and span playroom or workshop.

This winter lead the life of Riley. Put the task of keeping your fuel supply up and fires going, onto the shoulders of your gas company. You will find that gas equipment in small units is heating homes with modest incomes economically and well. Larger furnaces are heating the larger homes, and automatically maintaining a healthful and comfortable temperature at reasonable cost. Figure closely, count every item of cost for heating as you have it now, and then compare with Gas Heating. You'll decide on gas.
